

Photo Capture Solutions & Services

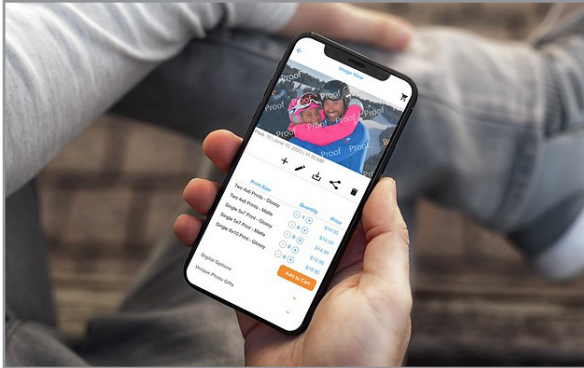

Ride Photos/Videos | Studio & Immersive Media | Roving Photography | Selfie Stations | & More

Capturing Every Memorable Moment

Picture this... a single-source service that enhances your guest experience, amplifies your exposure and increases your profits – all without you lifting a finger. Well, VENU+ delivers all that and more! We specialize in capturing core memories for your guests and more revenue for you. From theme parks and resorts to cruise ships and museums, VENU+ is trusted by the world's top experience destinations – and our industry-leading photo solutions help our partners capture more than ever before.

What Really Sets Us Apart

Our cloud-based e-commerce platform was built with you in mind - featuring custom branding options and multilingual capabilities.

We only use the most trusted brands in the industry to ensure we never miss the shot!

Technology

As the industry's undeniable technology leader, we innovate to help you uncomplicate. Our automated technologies offer advanced adaptability with hybrid staffing options and text to purchase (no kiosk needed); our interfaces are easy to train and maintain; and our dynamic retrieval systems make it simple for guests to view/purchase almost immediately through various print, digital, visual and on-site mediums.

Service/Support

In addition to unbeatable uptime and reliability, we deliver cloud system integration, 24/7 technical support and advanced system-monitoring solutions all backed by a vast, worldwide field-service network – something that NO OTHER competitor has.

Experience

With more than 30 years of experience in the industry, our expertise is unrivaled – plus, the guest experience we provide is second to none thanks to our proven content capture platform and flawlessly executed touchpoints.

Quality & Efficiency

Our best-in-class solutions are easy to implement and operate, allowing you to generate top-quality capture content for guests without additional labor, cost or hassle.

Data Analytics

Our custom dashboards deliver personalized reports and instant access to real-time data, performance stats and visuals that are available anytime, anywhere.

Capture for Every Category & Solutions for Every Setting

Capture Solutions

Ride Photos/Videos

Capture the thrills with incredible on-ride photo/video systems that bring the action and excitement to life – from the fastest roller coasters to the highest drop point on flume rides.

Studio Sets & Immersive Media Experiences (IMX)

Capture the imagination with experiential studio sets that immerse guests in custom-themed environments and interactive augmented reality experiences that blur the lines between fantasy and reality.

Roving Photography

Capture the moment with walkabout photo solutions that chronicle the most memorable moments of a guest's journey throughout your venue.

Selfie Stations

Capture the vibe with infinitely engaging environments that are perfectly positioned to create share-worthy selfies and whimsical content via touchless technology and AI image processing.

Extraordinary Innovations

Picture Dash puts our live reporting dashboard at your fingertips to deliver real-time performance metrics, activity tracking, conversion analysis and more, whenever and wherever you need it.

Picture Pass leverages our various image-tagging technologies (including facial recognition, RFID, barcode, SMS messaging & mobile wayfinding) to allow guests to instantly view, purchase and share memories captured throughout their visit in real time.

Facial Recognition makes the hassle of photo collection and retrieval a thing of the past. Simply scan your face at the kiosk to automatically pull up your full, personalized collection of photo capture moments taken throughout the entire venue.

Digital Storybook (an industry first) offers guests the opportunity to create a fully customizable photobook – from the soundtrack to the environment to the content – and insert their photos at predefined points to produce an incredible, one-of-a-kind souvenir.

Folder Genie brings exclusive digital content to life, allowing guests to use the camera on their mobile device to unlock AR content from their photo folder for a unique, interactive experience.

And More... including online photo redemption/purchase, multilingual capabilities, branded portals, custom retail options, upsell opportunities, marketing tools, guest rating prompts, personalized gifts and beyond.
